

Wally:

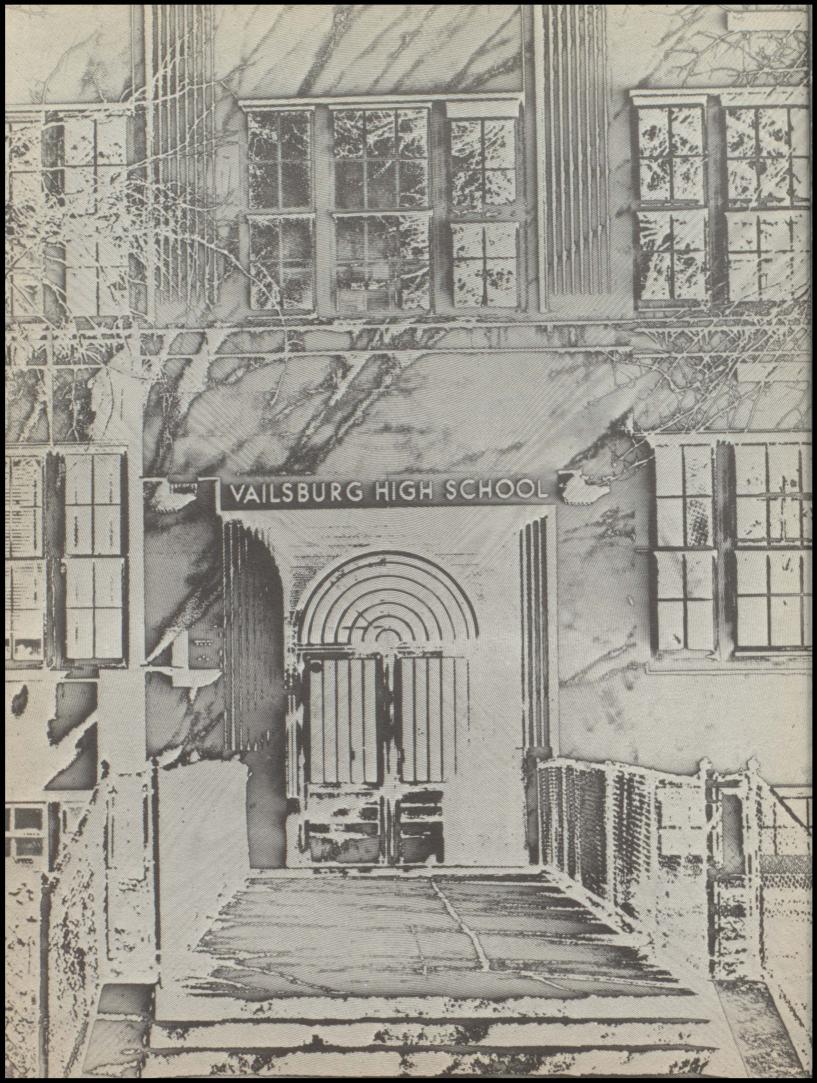

You have given us faith in ourselves and in our own abilities. You have made us glad that we are who we are; and because of you, we will strive to grow — for "Life is becoming!"

We dedicate this book as a reflection of the times we have spent together.

During the past four years, we have grown and matured a great deal. Therefore, this work is an example of that maturity.

The memories of our times together will echo in our hearts and will always be cherished.

Looked into a pond
Cool blue waters rushed back your features
Ran your fingers through it
Caused mammoth ripples
Reflection went away
Realized the God-Man relationship
Knew that it was nothing without you.

-Ronald

I was thinking of you today.
Thinking of beautiful times we could have,
If only you were home,
Where you belong, here with me.

Time Did Not Wait

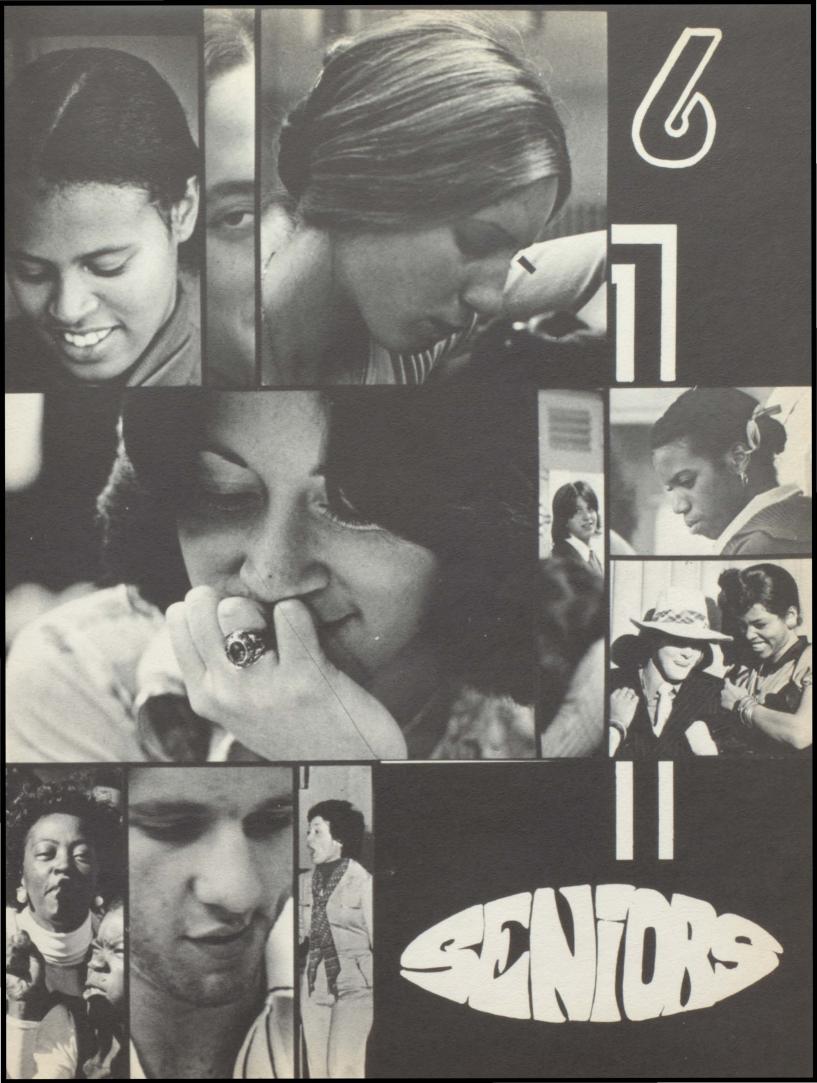

I can remember It was yesterday: Where has time gone? Have we let it slip away?

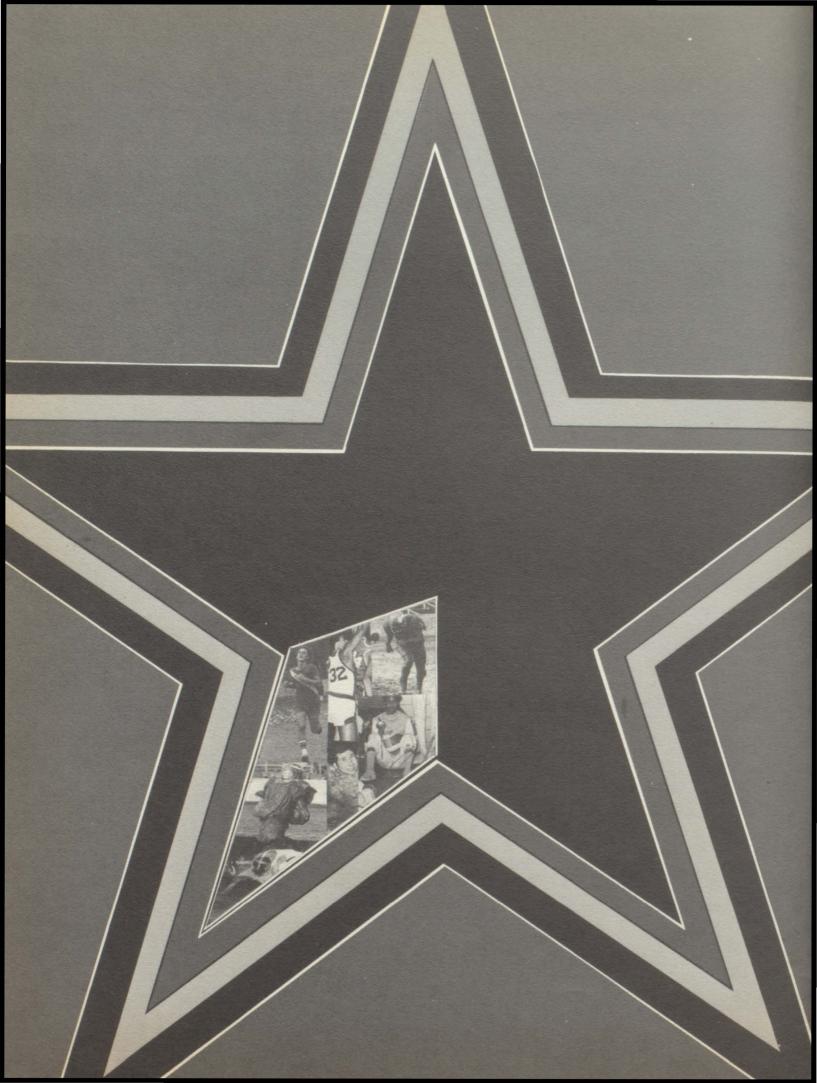

Our lives have been dreams, We have not lived, Time didn't wait, As we thought it did.

Time has power,
For it commands life,
Had we realized this sooner
We could have lived,
As we thought we did.

The primary purpose of the Vailsburg High School Band, Colorguard, Cheerleaders, and Twirlers is to help stimulate school spirit and provide quality entertainment at the various football games and parades.

Vailsburg has been fortunate through the years to have had first class representation in all areas of performance.

The total effort of the combined groups is an example of co-operation and loyalty to the school.

This year the Vailsburg Cross Country team showed that it had the necessary endurance needed to win with the record of 3-7, and a 3rd in the city.

It is a sport which requires much determination

Congratulations to the team of '75

"Wait till next year" is what the 1975 V.H.S. Soccer Team said at the end of their 7-8-1 season. This was the youngest team in the history of Vailsburg soccer. The main problem was the lack of experience and youth, but this didn't keep the players from giving their best.

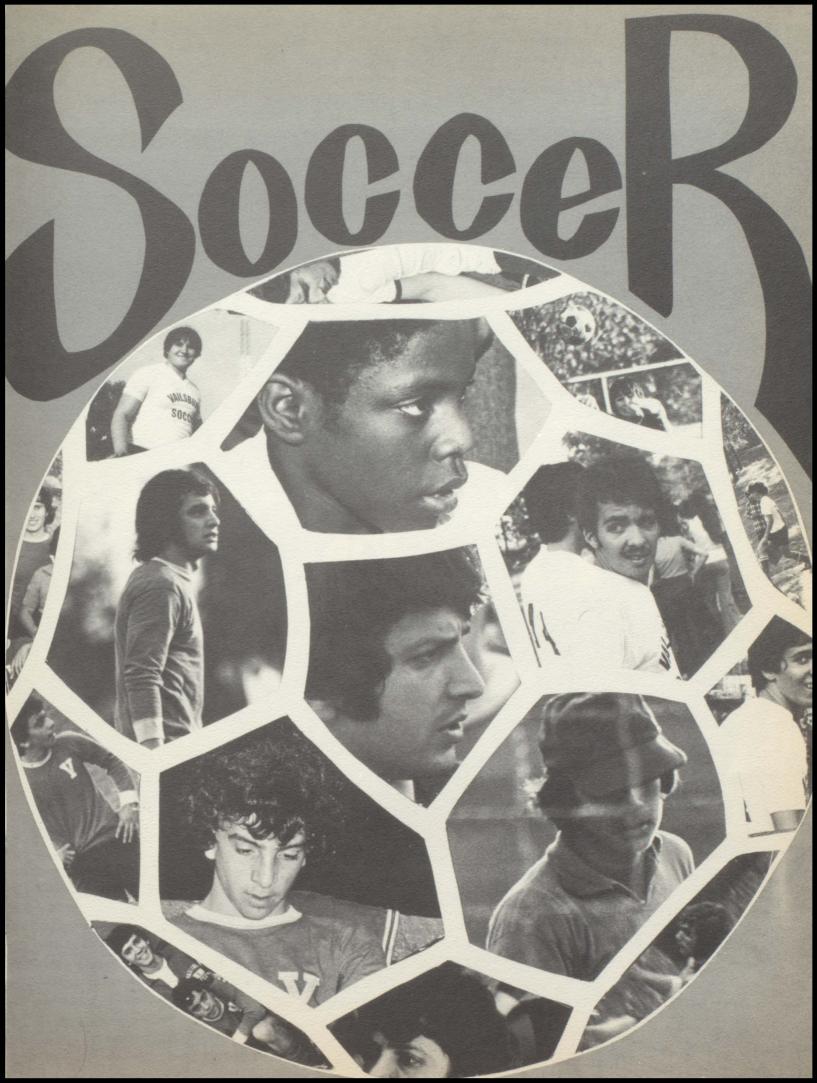

The skills were produced from three Uraguayan brothers who's backgrounds prepared them to compete in the sport as they did. They are considered "star" material!

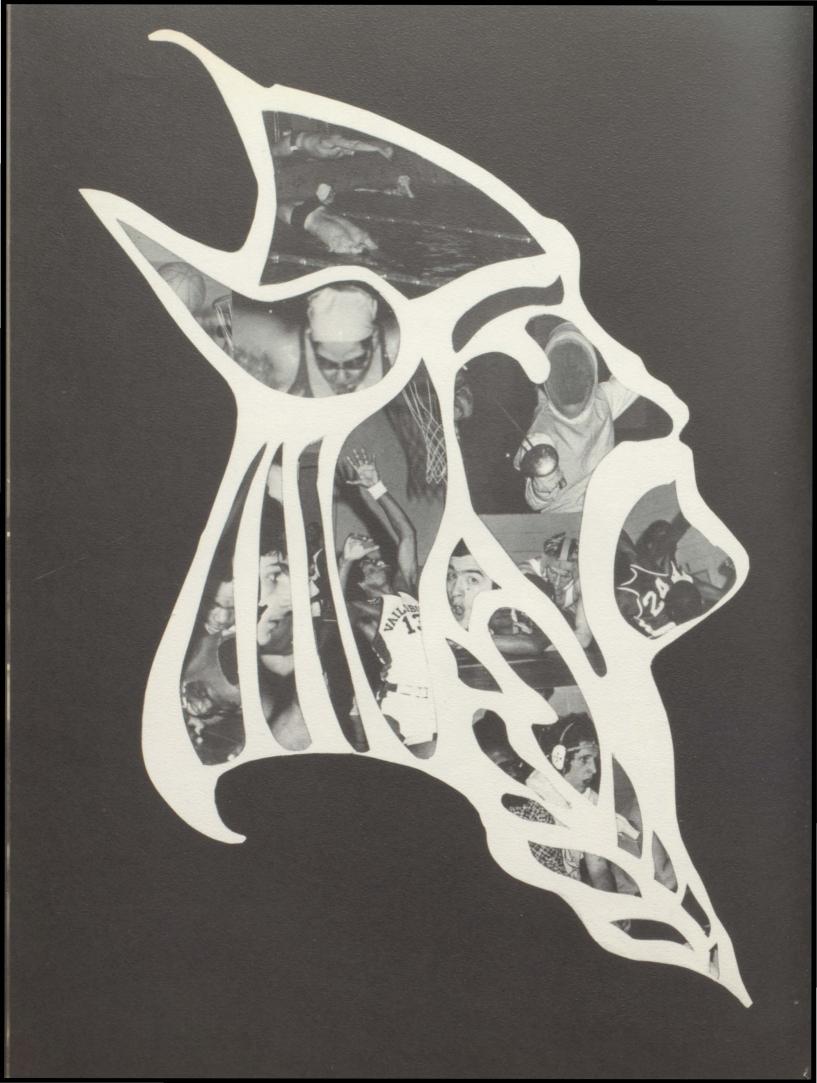

The team had some tough losses due to inexperience. They played their best game against the rival, East Side, in the City Championship Tournament. Unfortunately, they lost 1-0.

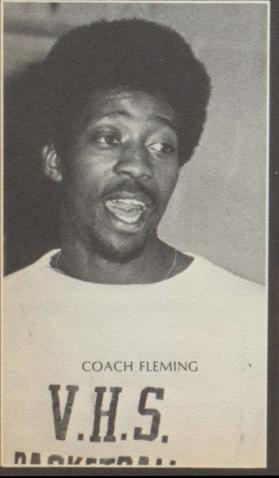

WINTER.

Kneeling: C. Boyd, J. Goodwin, M. Hayman. Standing: S. Bandy, K. Widgeon, M. Harris, N. Minnigan, B. Burns, L. Jones, G. Gooden, T. Johnson.

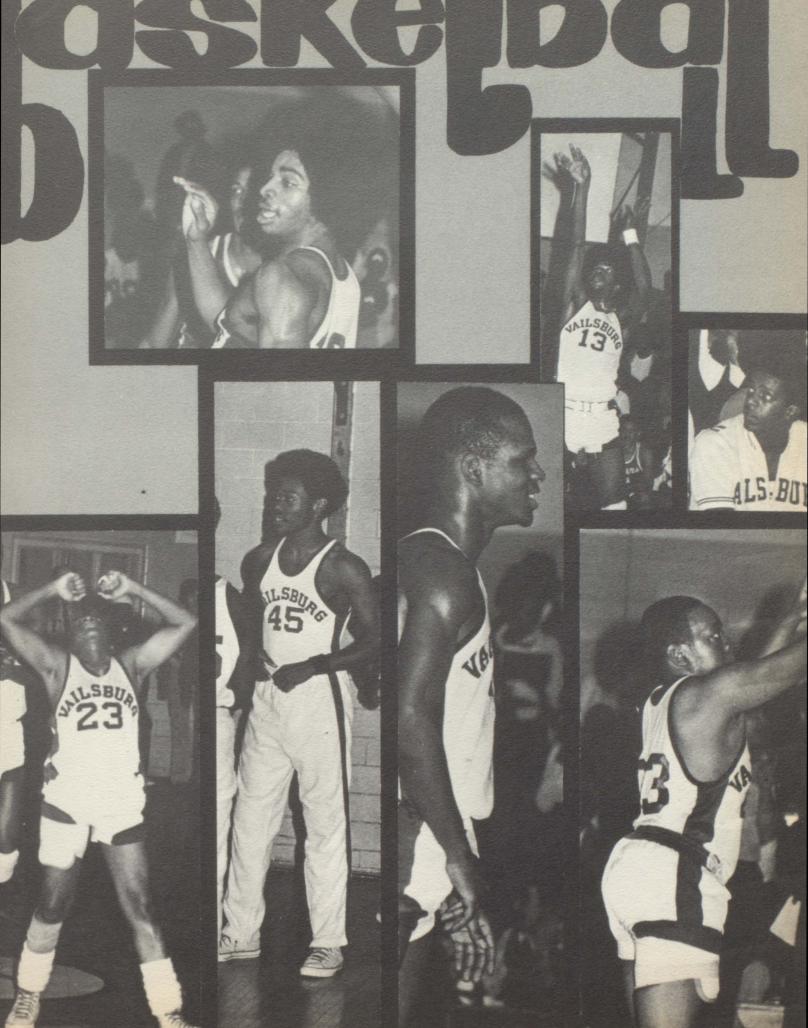

The Vikings had an overall record of 13-8 going into the State Championships; finishing 2nd in the City League with a record of 7-5. Excitment and disappointment went along with every game, but most of all it was enjoyable to everyone. Commendations are in order for the entire team effort to defeat Arts High 100-50. Overall this season will be remembered by senior players as a season to be **proud of!** The juniors and sophomores will remember this season for the experience of success!

Kneeling: M. Hayman, J. Goodwin, M. Harris. Standing: N. Minnigan, L. Jones, T. Johnson.

GIRLS

BASKETBALL

The Vailsburg Wrestling team finished the year with a 5-5 season. The record does not express the efforts put out by the wrestlers. Some of the potential champs were injured early with serious injuries—the hopes for a successful season were ruined.

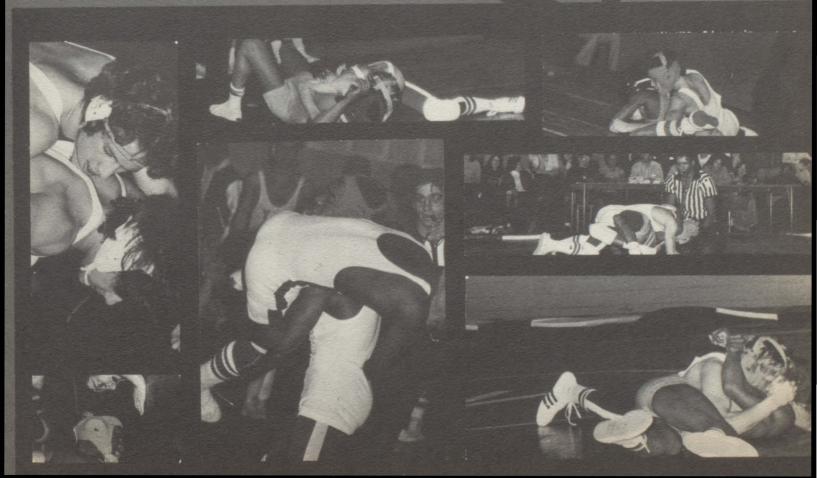

Seniors Gregg Pizzi, Tyrone Rice, Wayne Tava, Warren Ellis, Harry Cosimano, and Don Yacus are leaving behind a young team, with the hopes for a better season next year.

Swimming is a vibrant, demanding sport that requires the use of every aching muscle, every last ounce of energy, concentration, timing, and the ability to achieve a goal driven by the desires and forcefulness of your body.

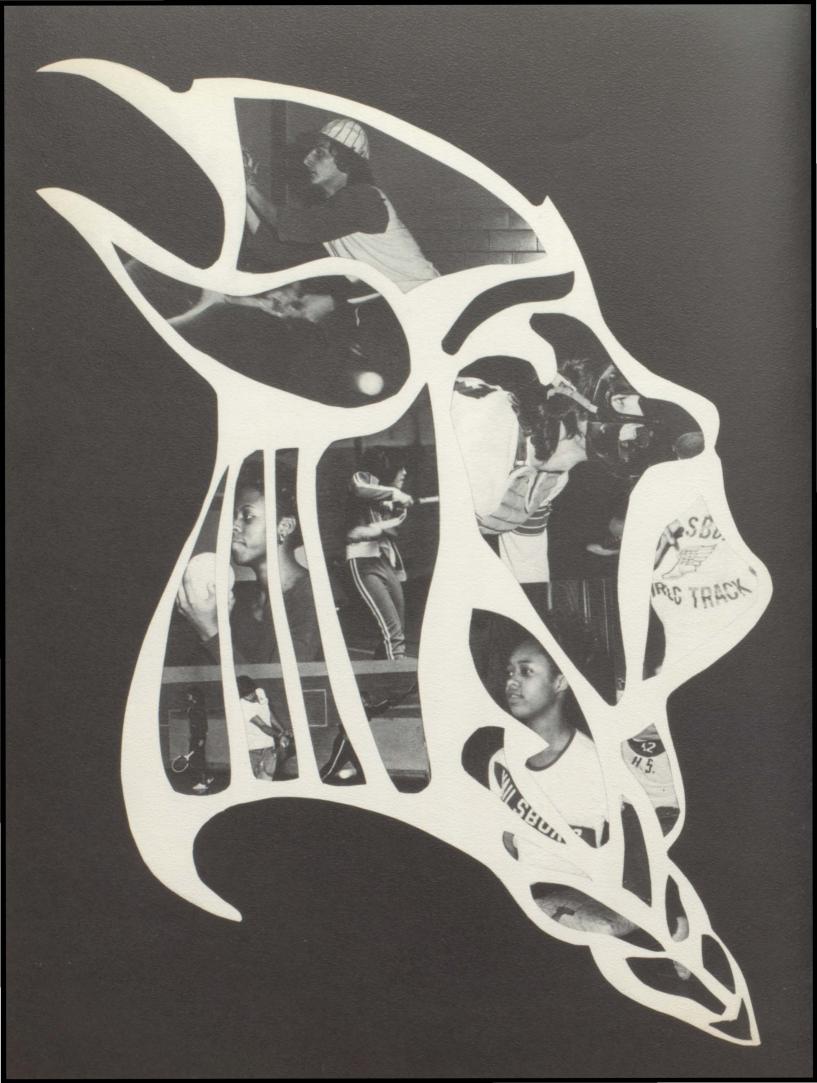

The swimmers, this year, have felt defeat in the past and have conquered many obstacles to prove themselves as champions.

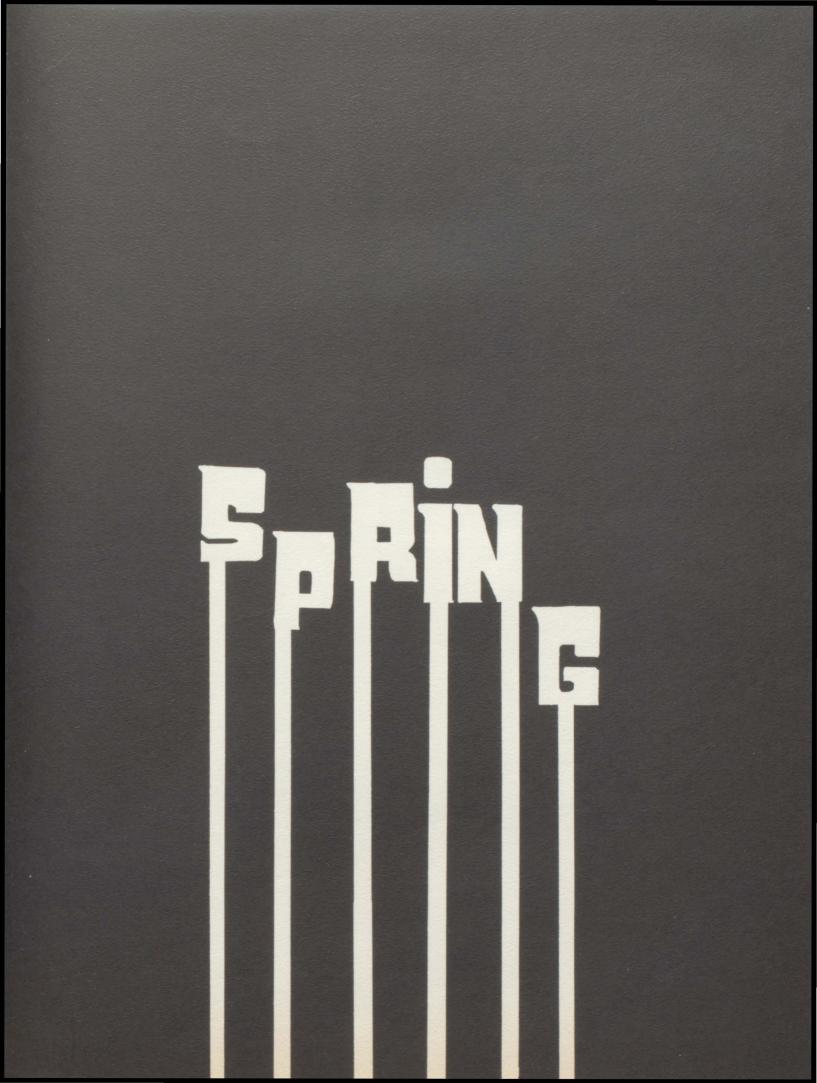

This year, the record was completed with 10 wins and 2 losses, giving defeats only to East Side. Vailsburg finished second in the city championship meet.

With the loss of only four seniors, the Vikings will prove a strong team in the following years with the assistance of a strong coach, Carmine Metalino. This is his first year as head coach.

JUNIORS

Track and field events provides the athlete with a challenging opportunity to develope and experience the extremes of physical and mental effort. The diverse elements of this sport calls for power, accuracy, stamina, agility, finesse, concentration and determination. The challenge, fasination and satisfaction derived through participation have allowed the athlete to enjoy the activites with much satisfaction.

This year's Tennis Team is mainly made up of five seniors who have had two or more years of experience in the game. These seniors make up the 1st., 2nd., and 3rd. string singles and 1st. string doubles. With the efforts and continuous hard work of some underclassmen who have played on the team before, the team in the past has been able to come from behind to win.

Although many think tennis is an individual sport, it is also a team sport. In order to win a match, three out of five matches have to be won to score the win.

The 1976 team goal this year, is to capture the city title. We wish the '76 team the best of luck in their efforts!

The Brivling term chacker be introped to the superior date. Just introduced to the superior date. Just introduced to the superior date ago it is steadily gain or popularity. It is a game of acchnique, and form, which require the players total concentration. The whook for improvement in the coming years is good since the term is composed physarily of underclassman.

STAGE

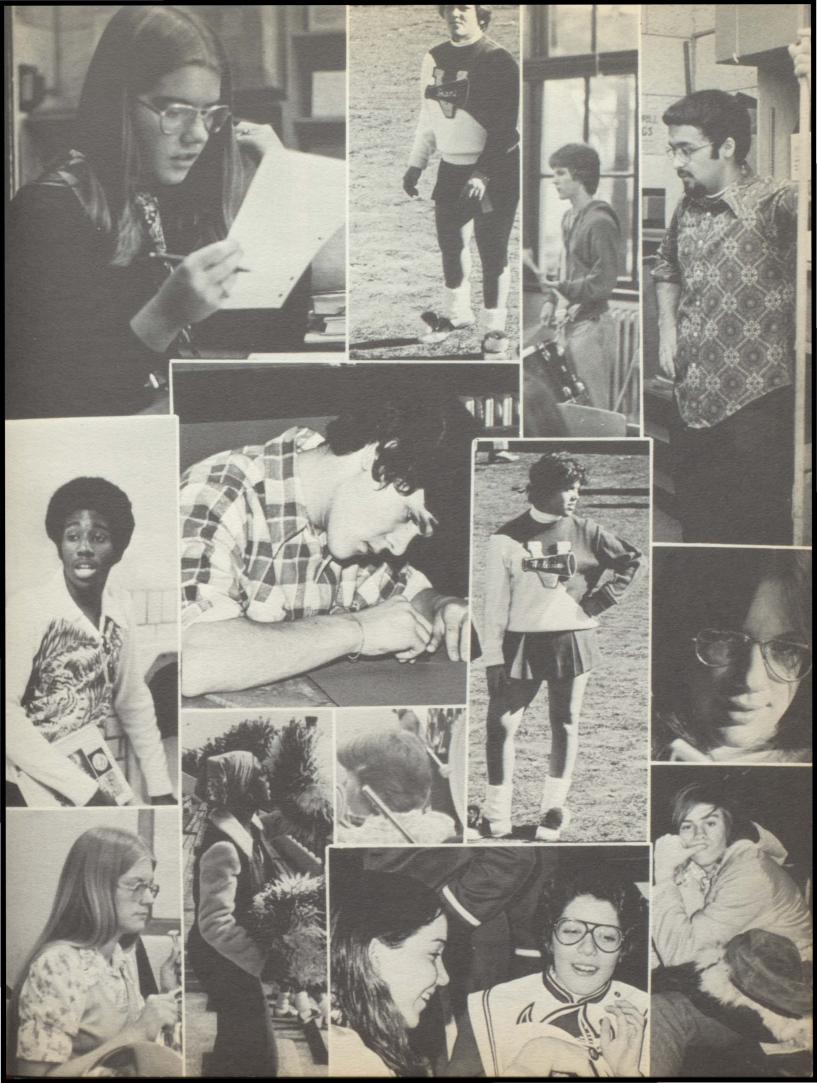

CREW

problems go back to the absence of money. If a few more hundred dollars would have been given towards the yearbook, we could have spread out some things a bit more.

This yearbook started out as a scrapbook for many people. There was the energetic staff of October, and the sleepless staff of March. Everyone started out willing to work, threw in their ideas, and sacrificed things and time for the book, I can't begin to complain because all this lasted—for a while. After realizing what was really needed to put a yearbook together, much of the staff was lost. It dwindled down to about six people. Working with this small amount of people made me understand why some people work the way they do. They all put their efforts into each page. They spent endless hours working, and when the night was done everyone left with a smile. I must admit there were times when everyone got on each others nerves and almost blew their tops, but this is expected. You have to take some good with some bad. There are few words that can be said on my part to the staff. I can begin to say that they tried their best and they gave a damn to make this a beautiful book. I thank them and Wally for helping a dream of mine come true.
